

Tec  
**ART** / **Splitter Rack Mount**  
DATA AND DMX DISTRIBUTION

The TecArt range of data splitters are available as 19" rack mount units.

The units are available with a choice of 3 or 5 pin connectors and are also available in 4 or 8 output. Each output has a separate driver, opto-isolator and power supply to ensure the highest possible level of protection.

The unit is available as a standard DMX splitter or with the option of RDM.

Available in the following versions:

- DMXS1 Wall mount / Portable 1 input 1 output.
- DMXS4 Rack mount 4 output.
- DMXS8 Rack mount 8 output.
- DMXS4RDM Rack mount 4 output RDM Compliant.
- DMXS8RDM Rack mount 8 output RDM Compliant.
