

TecART / Dimmer VX Rack Mount

DIMMERS AND POWER DISTRIBUTION

The TecArt series of 19" rack-mount dimmer racks are an Australian designed and manufactured high-performance dimmer rack for the professional entertainment and production market. The unit features dimmer curves and full 512 channel start address. An LCD and keypad enable functionality such as soft-patch, internal memory scene and interactive test mode.

Available in the following versions:

- VX1225 Dimmer Rack 12 channel 2.5K/ch Triac.
- VX0650 Dimmer Rack 6 channel 5K/ch SSR.

FEATURES

- Thermal-magnetic circuit breaker protection of outputs.
- DMX status LED and phase 1/2/3 LEDs.
- LED indicators for channel operation.
- LCD for DMX addressing and temperature.
- Dimmer curves and soft-patch.
- Simple test functions per channel built-in.
- DMX-512 control.
- High rise time toroidal chokes.
- Single or three phase operation.
- Internal quiet fan with microprocessor auto control.
- Easy to change Triacs/SSRs.
- Available with standard 10A outlets, Weiland, Socapex or hard wired.
