FLUORESCENT LIGHTING

The portable Location Fluorescent fixture is a professional cool lighting fixture ideal for location work. The fixture features full dimming capabilities via local potentiometer or remote control. It is fitted with Osram 55W electronic ballasts and can be used with the standard Osram Dulux L 55W tubes or the KinoFlo high output tubes. The fixture is supplied complete with egg crate. It is available in a 2 bank and 4 bank variant and has DMX control as an option.
