ART / LED Mat Dual Colour
LED LIGHTING - MAT, SEGMENT AND TAPE

The LED Mat Dual Colour is a powerful lightweight high CRI LED light. It can be mounted directly on a wall or on a stand using KinoFlo-style twist-on lollipop. The mat consists of both cool and warm LEDs, with the ability to control brightness and white colour temperature. The included kit contains a hybrid LED controller, fabric diffusers, mains power supply and a carry case. The mat comes in four sizes – 1 FT x 2 FT, 1 FT x 4 FT, 2 FT x 2 FT and 4 FT x 4 FT.

SPECIFICATIONS

- **CRI (Color Rendering Index) rating:** 95.
- **Colour temperature:** 2800-7500K.
- **Voltage:** 24V.
