

TecART / LED Tape Dual Colour

LED LIGHTING - MAT, SEGMENT AND TAPE

The LED Tape Dual Colour is a film grade high CRI LED tape. It features 60 cool and 60 warm white LEDs per metre. The tape can be mounted using the included double-sided adhesive. It comes in reels of 5m, with a power consumption of 96 watts per roll. When driven by our hybrid LED controller, the user can control both the brightness and white colour temperature of the tape. It has a width of 10mm and comes in 12V and 24V options.

SPECIFICATIONS

- **CRI (Color Rendering Index) rating:** 95.
